NEW OMNIA PRODUCTS

OMNIA SIT / STAND STOOL

The perfect answer to a 36" high work surface in art or lab rooms is our Omnia Sit / Stand Stool.

Fixed height 27" Sit / Stand Stool features our ergonomic Omnia shell for unsurpassed comfort and durability. The foot ring is welded to all four legs for maximum strength and set at a height to provide optimum leg comfort.

Features include our exclusive Armor II Whisper Glide.

OMNIA LAB STOOL

If you are looking for height adjustable seating without compromising on ergonomics, comfort and durability, then look to our Omnia Lab Stool.

Features our exclusive Omnia double wall polypropylene shell, integrated chrome foot ring and five star base. Adjusts from 20" to 30". Nylon bell glides are standard.

OMNIA ADJUSTABLE CHAIR

When versatility and ergonomics are the criteria, our new Adjustable Omnia Chair is the answer.

Adjustable from 12" to 16", allows for total flexibility for varying heights and / or grade requirements. Both fashionable and functional our Omnia Adjustable Chair is available in an array of designer colors.

Features include our exclusive Armor II Whisper Glide.

*Capella (Kə-pēl'ə) n. 1. The brightest star in constellation Auriga. Appearing as a single star to the naked eye, it is actually a star system of four stars. The star never sets and is visible in most of Canada and the northernmost United States.

NEW OMNIA - XL - SERIES

Whether you're after a fixed height cantilever design or an adjustable pedestal frame desk with oversized hard plastic work surfaces – Columbia has the answer!

They come with a standard 22" x 26" hard plastic top or an optional 24" x 30" hard plastic top that offers up to 66% more space than the standard 18" x 24" top, accommodating laptops, textbooks and extra workspace requirements.

All Omnia XL (Extra Large) series study top desks offer the option of our stylish and durable clear ABS book box or a generous wire book basket made from 1/4" solid steel rod with styling similar to our ABS book box.

The Omnia XL Series is offered with our attractive and durable Spek-Flek® finish.

For cooperative learning or two student desk requirements, Columbia's Omnia XL two student desk has the features and choices you want. 24" x 48" top with HPL on the top and bottom along with options of either a wire book basket or an ABS book box make this a practical choice at any grade level.

12 Laminate top choices and 9 edge colors are available.
